Cove Point Lighthouse Calvert County, MD

ca. 1828.

The Cove Point Lighthouse was established in 1828 to guide vessels navigating the Chesapeake Bay and the entrance to the Patuxent River. As one of the oldest continuously operating lighthouses on the Bay, the site preserves Maryland's maritime heritage and demonstrates the importance of protecting historic navigation structures tied to the state's coastal economy.

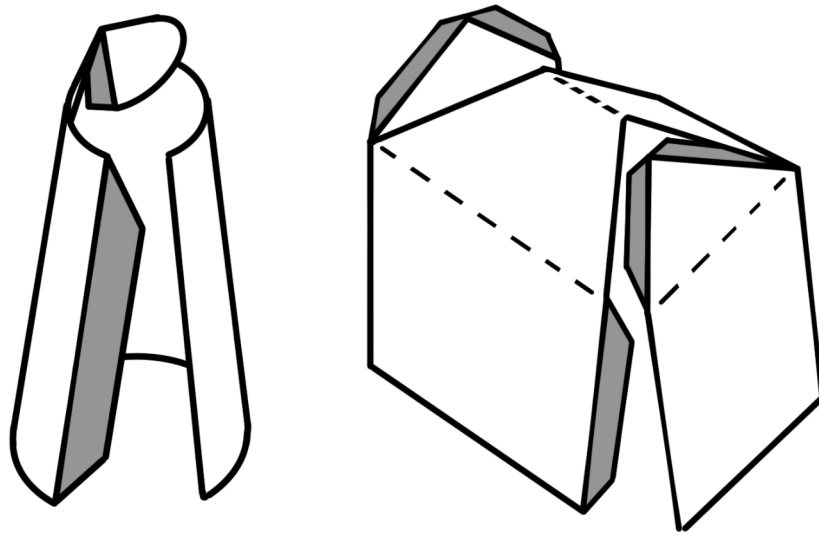

**PRESERVATION
MARYLAND**

Protecting Our Past, Investing in Our Future

Preservation Maryland is a nonprofit dedicated to revitalizing and reinvesting in communities, advocating for historic places, and building the historic trades workforce for the benefit of all Marylanders. This paper model is part of our Building Communities series, which highlights the history and architecture of Maryland's historic structures—and the ongoing impact they have on the communities where they reside. To support Preservation Maryland and our Historic Property Redevelopment Program, visit www.presmd.org/donate.

Support for this project comes from the Maryland 250 Commission, celebrating Maryland's rich 250-year history.

Instructions

Cut out the buildings along the solid edge of the structure, leaving in the tabs. Fold the paper along the dotted lines. Glue the shaded tabs to the areas shown in the example image above. Glue each separate structure to the indicated areas in the drawing above.
